Easter Angels Coloring Book Ada Ashley,2021-02-13 In this coloring book, you will find charming illustrations of Easter angels from famous illustrators of the past, reproduced true to original in light grayscale, perfect for realistic coloring and art therapy relaxation. The advantage of grayscale coloring over regular line art coloring is that it allows you using the existing shadows for guidance. General rule for grayscale coloring is simply to apply light colors over light gray areas, medium colors over medium gray areas and dark colors over dark gray areas. Illustrations are reproduced without hard outlines for the opportunity to color them as actual artwork and be proud to cut out and display after finishing. In addition to coloring, this book allows you to practice drawing, shading, and tracing based on the artwork of master illustrators. Coloring sheets are one-sided and blank on the back so they can be cut out for display or separate coloring.

Easter Poems Myra Cohn Livingston,1985 A collection of poems on Easter themes by John Ciardi, William Jay Smith, Joan Aiken, and other authors, including poems translated from Russian and German.

Jesus' Last Week R. Steven Notley,Marc Turnage,Brian Becker,2006-03-01 For the past forty years, but for only the first time in history, Christian scholars fluent in Hebrew and living in the land of Israel have collaborated with Jewish scholars to examine Jesus' sayings from a Judaic and Hebraic perspective. The result of this research confirms that Jesus was an organic part of the diverse social and religious landscape of Second Temple-period Judaism. He, like other Jewish sages of his time, used specialized methods to teach foundational Jewish theological concepts such as God's abundant grace. Jesus' teaching

was revolutionary in a number of ways, particularly in three areas: his radical interpretation of the biblical commandment of mutual love; his call for a new morality; and his idea of the Kingdom of Heaven. Jerusalem Studies in the Synoptic Gospels, the initial volume, focuses on the Passion Narratives in a search for the Historical Jesus. It also reexamines the synoptic problem in light of recent historical and archaeological research. The volume represents the first attempt by members and associates of the Jerusalem School to apply collectively the methodology pioneered by Robert Lindsey and David Flusser. Included in the volume is the final article written by the late Professor Flusser, The Synagogue and the Church in the Synoptic Gospels.
