**The Star-Spangled Banner** Lonn Taylor,Jeffrey Brodie,Kathleen Kendrick,2008-06-24 More than just the tale of one flag and one song, The Star-Spangled Banner is the story of how Americans—often in times of crisis—have expressed their patriotism and defined their identity through the broad stripes and bright stars of our preeminent national symbol, a tradition that still thrives today. The original flag that inspired Francis Scott Key by the dawn's early light has been cared for by the Smithsonian since 1907. The dramatic story of this flag—and of the Smithsonian's effort to save it for posterity—are told here in this lavishly illustrated book that also explores the broader meaning of the flag in American life.

Can You Sing "The Star-Spangled Banner"? Martha E. H. Rustad,2014-11-01 It's time for music class! Are you ready to sing the national anthem? Do you know the story behind this famous song? It tells about how the American flag survived a battle. Join Ms. Hill's class as they learn who wrote The Star-Spangled Banner, what the words mean, and why we sing it.

Flag Marc Leepson,2007-04-01 The thirteen-stripe, fifty-star flag is as familiar an American icon as any that has existed in the nation's history. Yet the history of the flag, especially its origins, is cloaked in myth and misinformation. *Flag: An American Biography* rectifies that situation by presenting a lively, comprehensive, illuminating look at the history of the American flag from its beginnings to today. Journalist and historian Marc Leepson uncovers scores of little-known, fascinating facts as he traces the evolution of the American flag from the colonial period to the twenty-first century. *Flag* sifts through the historical evidence to—among many other things—uncover the truth behind the Betsy Ross myth and to discover the true designer of the Stars and Stripes. It details the many colorful and influential Americans who shaped the history of the flag. *Flag*, as the novelist Nelson DeMille says in his preface, is not a book with an agenda or a subjective point of view. It is an objective history of the American flag, well researched, well presented, easy to read and understand, and very informative and entertaining. Our love for the flag may be incomprehensible to others, but at least we now have a comprehensive guide to its unfolding. ---The Wall Street Journal The fascination of history is in its details, and the author of *Flag: An American Biography* knows how to find them and turn them into compelling reading.... This book brings out the irony, humor, myth, and behind-the-scenes happenings that make our flag's 228-year history so fascinating. ---The Saturday Evening Post Timely and insightful. ---The Dallas Morning News
