Ephesians 2 Nimble Muse Journals,2019-10-09 PASTORWhen my life was filled with crisis, leaving me shattered and

feeling alone, everything broken in pieces, my heart heavy as stone, You were there. God's compassionate flicker shines in your eyes, Pastor. It's your gift, just something in your spark. The Lord keeps using your godly presence in my life, teaching me that He and I are never really apart. Pastor, when I hear your voice rise in prayer, I sense a shower of God's grace begin to fall. Then I know the Lord is working, removing my doubts, because I'm feeling you fulfill His call. I'm no prophet, and I can't see into the future, but I know we're all destined to face eternity. Each of us must kneel and give an account. You'll be ready, a report all laid out for God to see. Then the Lord will ask you, it's that question for which you've waited, My servant, how shall thy works speak for thee? If in that moment, I interrupt to sing your praises, try not to be offended, Pastor. When God asks that question, He doesn't expect you to answer. The voice He's really listening for is me. GREAT JOURNAL FOR ASSOCIATE PASTORS This journal features our original poem, PASTOR, which was inspired by the bible verse Ephesians 2:10 For we are God's handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do. Bible Bulletin Boards Shining Star,2000-08 The nuclear family is under siege as never before. With the dramatic increase in divorce, illegitimacy and single parenthood, we are witnessing the voluntary breakup of the minimal family unit on a massive scale. Meanwhile many people question whether marriage should be defined as a relationship between a man and a woman, and some are trying to sever the idea of marriage and procreation completely. Bestselling author William Bennett believes that we are engaging in a reckless and radical social experiment that, unless it is firmly resisted, will have calamitous consequences. In this strong and vigorous, but sophisticated and informed defense of the traditional nuclear family, Bennett argues that we urgently need to reestablish the idea of marriage as an arrangement between a man and a

woman, monogamous and freely chosen, a place of sexual and emotional intimacy, affection and friendship. Marriage should be the institution through which children are conceived and born, loved and disciplined, nurtured and raised. And marital permanence must once again become normative, a high ideal, something to which people commit and strive to maintain. Bennett argues that we are willfully and frivolously casting aside one of our greatest historical achievements under the illusion that we can cheerfully deconstruct the traditional family and then one day decide to pull back from the brink. Having blithely tossed these precious things aside, we will find that we cannot so easily summon them back. Yet Bennett's book is not a jeremiad or a gloom-and-doom scenario but a positive affirmation of family life and an argument for why a certain traditional understanding of the family leads to greater human flourishing and happiness.
