Map Skills Grade 1 Mary Rosenberg, 2003-01-15 Too often map skills focus on memorizing country borders, names, and capitals. With our rapidly changing world, what is learned one year may become obsolete the next. Map Skills, Grade 6 has a more practical approach. It focuses on the natural geography of the world, why maps are made like they are, and how to use them to find your way around. Students will learn to understand map symbols such as the legend, scale, directional compass, and grids. The will learn to differentiate between physical, political, thematic, and direction maps and how each type is useful for different information. Political boundaries and country names may change, but the skills learned in this book will last a lifetime.

Draw the USA Kristin J. Draeger, 2013-08-28 Geography is essential to a child's education. And basic to that study is a simple outline of states, countries and continents. In Draw the USA I have tried to give students an easy introduction to committing the map of the USA to memory. Through simple, step-by-step instructions, students learn to draw each state as it connects to its neighbors and, with a little practice, will be able to draw the USA as a whole.
