William C. Scott

The Little Raindrop Joanna Gray, 2014-03-04 From cloud to puddle, and puddle to stream, the Little Raindrop is making its way on the remarkable journey that is Earth's water cycle. In this inviting story—illustrated with pastels for a soft, full color—readers are taught about science and nature through a character driven narrative that leads a little raindrop on a big adventure. With an easy to follow plot that teaches precipitation, water flow, and evaporation, The Little Raindrop offers a sweet story full of learning and discovery. Featuring a heartwarming adventure from author Joanna Gray, and beautiful pastel illustrations by Dubravka Kolanovic, The Little Raindrop takes readers on a fun and educational ride through the water cycle. This is a wonderful introduction for children ages 3 to 6 about the water cycle. They will instantly connect with the cute, smiling little raindrop as it starts its journey in the clouds. The author gives wonderful, age-appropriate explanations and details about the raindrop's journey from air to pond to stream to ocean and back into the air again, making this a wonderful first introduction to science for preschoolers. Parents will appreciate the educational value of the book, as will early educational teachers. This is the type of picture book Scholastic Book Clubs and Fairs are wanting and so it should definitely have a great reception in the school and library market, as well as the general trade. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Raindrop, Plop! Wendy Cheyette Lewison,2009 A young girl and her dog find many things to count on a rainy day, both as they play outside and after they come home to a warm, dry house.

Race, Religion, and Black Lives Matter Christopher Cameron, Phillip Luke Sinitiere,2021-08-15 Black Lives Matter, like its predecessor movements, embodies flesh and blood through local organizing, national and global protests, hunger strikes, and numerous acts of civil disobedience. Chants like “All night! All day! We’re gonna fight for Freddie Gray!” and “No justice, no fear! Sandra Bland is marching here!” give voice simultaneously to the rage, truth, hope, and insurgency that sustain BLM. While BLM has generously welcomed a broad group of individuals whom religious institutions have historically resisted or rejected, contrary to general perceptions, religion neither has been absent nor excluded from the movement’s activities. This volume has a simple, but far-reaching argument: religion is an important thread in BLM. To advance this claim, *Race, Religion, and Black Lives Matter* examines religion’s place in the movement through the lenses of history, politics, and culture. While this collection is not exhaustive or comprehensive in its coverage of religion and BLM, it selectively anthologizes unique aspects of Black religious history, thought, and culture in relation to political struggle in the contemporary era. The chapters aim to document historical change in light of current trends and current events. The contributors analyze religion and BLM in a current historical moment fraught with aggressive, fascist, authoritarian tendencies and one shaped by profound ingenuity, creativity, and insightful perspectives on Black history and culture.

Randy the Raindrop Patty Jean Wiese,2012-11-01 Randy the Raindrop is about a raindrop character who loves to make friends with boys and girls and see them having fun on a rainy day. Randy enjoys dropping by to make new friends and visiting those he already knows, wherever it may be raining. You never know where in the world he may land--on your front porch, in your backyard or in the park nearby. He loves to see children having a happy day, rain or shine. To Randy the Raindrop, every boy and girl is a special friend. Visit www.RandytheRaindrop.com to see Randy and say hi. This book is a story rhyme and a song--I’m a little raindrop. You can listen to the song and download free coloring pages and much more!

How to Use Decodable Books to Teach Reading Pamela Brookes,2019-09-29 Sixty-five percent of U.S. fourth graders are not proficient readers because their teachers have not been taught how to teach reading using evidence-based methods. Up

to 20% of children have dyslexia. Few receive the individualized teaching they need from their schools. To help parents and teachers who want to teach their children using an evidence-based, effective method, Pamela Brookes, the mother of a child with dyslexia, discusses their daily routine as she teaches her daughter to read using the decodable DOG ON A LOG Books series. As the author of DOG ON A LOG Books, Pamela also shares how to choose where in the series to start. She shares how she teaches each of the phonics rules used in the book series along with the reasons for teaching the syllable types and handwriting. Although this booklet is meant to guide parents and teachers using DOG ON A LOG Books, the information can be adapted and applied to any systematic series of decodable books. How to Use Decodable Books to Teach Reading is edited by Dr. Nancy Mather, a professor in learning disabilities, reading, and writing to make sure it follows the scientific research on teaching reading. This edition includes information on Steps 1 to 10 of the DOG ON A LOG phonics rules. Additional steps will be added as the future decodable chapter books are created. All DOG ON A LOG Books follow a structured literacy/Orton-Gillingham based phonics sequence. You can download printable gameboards, flashcards, and other literacy materials at www.dogonalogbooks.com.
