How to Keep House While Drowning KC Davis, 2022-04-26 If you're tired of staring at the same mess every day, but struggling to find the time and willpower to clean it, you probably have a very good reason: anxiety, fatigue, depression, ADHD, or lack of support. Designed by therapist KC Davis, this revolutionary method of cleaning and organizing helps end the stress-mess cycle. After KC Davis gave birth to her second child, she didn't fold a single piece of laundry for seven months. Between postpartum depression and ADHD, she felt numb and overwhelmed. She regained her sanity--and the functionality of her home--after one life-changing realization: You don't work for your home; your home works for you. In other words, messiness is not a moral failing. A new sense of calm washed over her as she let go of the shame-based messaging that interpreted a pile of dirty laundry as I can never keep up and a chaotic kitchen as I'm a bad mother. Instead, she looked at unwashed clothes and thought, I am alive, and at stacks of dishes and thought, I cooked my family dinner three nights in a row. Building on this foundation of self-compassion, KC devised the powerful practical approach that has exploded in popularity through her TikTok account, @domesticblisters. The secret is to stop following perfectionist rules that don't make sense for you--like folding clothes that don't wrinkle anyway, or thinking that every room has to be clean at the same time--and to find creative solutions that accommodate your needs, pet peeves, daily rhythms, and attention span. Inside, you'll learn exactly how to customize your approach and rebuild your relationship with your home, including: -How to stop seeing care tasks as a reflection of your worth, but rather as kindnesses to your future self -How to use calming rituals to keep you from feeling overwhelmed when you look at a big mess -How to stagger tasks that are easy to procrastinate throughout the week and month -How to quickly transform a room from messy to fully functional through the 5 Things tidying method, and other shortcuts requiring minimal energy Read this book to make home feel like a sanctuary again: where you can move with ease, where guilt, self-criticism, and endless checklists have no place, and where you always have permission to rest, even when things aren't finished.

The Gentle Art of Swedish Death Cleaning Margareta Magnusson, 2018-01-02 *The basis for the wonderfully funny and moving TV series developed by Amy Poehler and Scout Productions* A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called *döstädning*, *dö* meaning “death” and *städning* meaning “cleaning.” This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you'd ever use) and which you might want to keep (photographs, love letters, a few of your children's art projects). Digging into her late husband's tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.
