Apple Nikki McClure, 2013-07-01 Apple follows the life of an apple throughout the year, demonstrating the cyclical patterns in nature. The youngest readers will delight in following the journey of the bright red apple—the only splash of color in the otherwise black-and-white illustrations—as it travels from tree, to harvest, to snack, to compost, and finally to sprout. A single word complements each illustration, urging early readers to reflect on each stage in the apple's life. Apple is acclaimed cut-paper artist Nikki McClure's very first book, originally self-published and sold in a limited edition of just 200 copies. Now, 16 years later, it is available in wide release, and fans will relish the chance to own the book that launched

McClure's signature style.

Reading for Our Lives Maya Payne Smart,2022-08-02 An award-winning journalist and literacy advocate provides a clear, step-by-step guide to helping your child thrive as a reader and a learner. When her child went off to school, Maya Smart was shocked to discover that a good education in America is a long shot, in ways that few parents fully appreciate. Our current approach to literacy offers too little, too late, and attempting to play catch-up when our kids get to kindergarten can no longer be our default strategy. We have to start at the top. The brain architecture for reading develops rapidly during infancy, and early language experiences are critical to building it. That means parents' work as children's first teachers begins from day one too—and we need deeper knowledge to play our positions. Reading for Our Lives challenges the bath-book-bed mantra and the idea that reading aloud to our kids is enough to ensure school readiness. Instead, it gives parents easy, immediate, and accessible ways to nurture language and literacy development from the start. Through personal stories, historical accounts, scholarly research, and practical tips, this book presents the life-and-death urgency of literacy, investigates inequity in reading achievement, and illuminates a path to a true, transformative education for all.

One Green Apple Eve Bunting,2006-06-12 Farah feels alone, even when surrounded by her classmates. She listens and nods but doesn't speak. It's hard being the new kid in school, especially when you're from another country and don't know the language. Then, on a field trip to an apple orchard, Farah discovers there are lots of things that sound the same as they did at home, from dogs crunching their food to the ripple of friendly laughter. As she helps the class make apple cider, Farah connects with the other students and begins to feel that she belongs. Ted Lewin's gorgeous sun-drenched paintings and Eve Bunting's sensitive text immediately put the reader into another child's shoes in this timely story of a young Muslim immigrant.

Romancing the Beat Gwen Hayes,2016 What makes a romance novel a romance? How do you write a kissing book?Writing a well-structured romance isn't the same as writing any other genre-something the popular novel and screenwriting guides don't address. The romance arc is made up of its own story beats, and the external plot and theme need to be braided to the romance arc-not the other way around.Told in conversational (and often irreverent) prose, *Romancing the Beat* can be read like you are sitting down to coffee with romance editor and author Gwen Hayes while she explains story structure. The way she does with her clients. Some of whom are regular inhabitants of the New York Times and USA Today bestseller lists.*Romancing the Beat* is a recipe, not a rigid system. The beats don't care if you plot or outline before you write, or if you pants your way through the drafts and do a beat check when you're revising. Pantsers and plotters are both welcome. So sit down, grab a cuppa, and let's talk about kissing books.

Ditch That Textbook Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.
