Your choice of a resume book is one of the most important career decisions you will ever make. Praise for this book and other books in the Real-Resumes Series: "Distinguished by its highly readable samples. Library Journal These excellent new guides don't just provide the usual coverage on how to write a resume. They provide industry-specific examples, industry-specific tips and cautions, and industry-specific strategies based on real-world resumes. Since many technical types aren't writers, this comes as a special gift; select a winning format, plug in your background specs, and away you go. It's that easy--with Real-Resumes in hand.-- The Midwest Book Review "Part of an excellent real-resumes series. Impressive, with sophisticated, persuasive, and nuanced guidance." -The Book Reader "This thoughtful resource should come as a welcome and valuable tool." -Small Press "A guide that significantly translates veterans' experience into viable repertoires of achievement." --Booklist Testimonials from people who have used this book: I am not a writer, and I was terrified at the thought of writing my own resume. The Real-Resumes Series boosted my confidence and gave me the ability to write a great resume and cover letter. --Jorge N. After spending some years in private industry, I wanted to get a federal job. The Real-Resumes samples showed me how to create a federal resume and KSAs for federal employment. --Kaely M. "While my background was in the logistics field, I didn't want a job remotely associated with logistics! I had 'been there, done that' in the military and wanted no more of it, although I figured I might be jailed to the field forever, like a prisoner of my past. The Real-Resumes Series showed me how to communicate my background in such a way that potential employers could imagine me in jobs other than logistics activities. I am now in management and really enjoying my work. The Real-Resumes Series rescued me!" -Matt S.
