*Robert's Rules of Order Newly Revised, 12th edition* Henry M. Robert III, Daniel H. Honemann, Thomas J.

Balch, 2020-08-25 The only current authorized edition of the classic work on parliamentary procedure--now in a new updated edition Robert's Rules of Order is the recognized guide to smooth, orderly, and fairly conducted meetings. This 12th edition is the only current manual to have been maintained and updated since 1876 under the continuing program established by General Henry M. Robert himself. As indispensable now as the original edition was more than a century ago, Robert's Rules of Order Newly Revised is the acknowledged gold standard for meeting rules. New and enhanced features of this edition include: Section-based paragraph numbering to facilitate cross-references and e-book compatibility Expanded appendix of charts, tables, and lists Helpful summary explanations about postponing a motion, reconsidering a vote, making and enforcing points of order and appeals, and newly expanded procedures for filling blanks New provisions regarding debate on nominations, reopening nominations, and completing an election after its scheduled time Dozens more clarifications, additions, and refinements to improve the presentation of existing rules, incorporate new interpretations, and address common inquiries Coinciding with publication of the 12th edition, the authors of this manual have once again published an updated (3rd) edition of Robert's Rules of Order Newly Revised In Brief, a simple and concise introductory guide cross-referenced to it.

*Estimating and Cost Planning Using the New Rules of Measurement* Sean D. C. Ostrowski,2013-09-10 The RICS New

Estimating and cost planning using the New Rules of Measurement offers comprehensive guidance on all the technical competencies concerned with estimating throughout the precontract stages. It provides a full commentary to the NRM, with detailed and comprehensive examples of how to measure estimates and cost plans in accordance with this new prescriptive approach. BATTALION (CONSTRUCTION) ENGINEERS AT WAR IN VIETNAM: An Operational Summary 1967 - 1971. The 589th Engineer Battalion (Construction) provided construction support for the U.S. Military in the Republic of Vietnam (RVN) from April 1967 until April 1971. Elements of the Battalion operated in the area from Qui Nhon to Pleiku from the Battalion's arrival in Vietnam until July 1968, as well as from the Phan Rang Air Force Base west towards Dalat, north towards Cam Ranh, and south towards Vinh Hao, from July 1968 until April 1971. A number of its construction projects are still in use by the Vietnamese today, including National Highway 19 between Qui Nhon and Pleiku, National Highway 27 (formerly QL-11) between Phan Rang and Dalat, and National Highway 1 from Phan Rang to Vinh Hao. This synopsis of the 589th Engineer Battalion's quarterly Operational Reports - Lessons Learned (ORLLs) and information from other historic sources has been created to provide a feel for the daily life and challenges of an engineer unit in Vietnam.

*Marie Mason Potts* Terri A. Castaneda, 2020-11-12 Born in the northern region of the Sierra Nevada mountains, Marie Mason Potts (1895-1978), a Mountain Maidu woman, became one of the most influential California Indian activists of her generation. In this illuminating book, Terri A. Castaneda explores Potts's rich life story, from her formative years in off-reservation boarding schools, through marriage and motherhood, and into national spheres of Native American politics and cultural revitalization. During the early twentieth century, federal Indian policy imposed narrow restrictions on the dreams and aspirations of young Native girls. Castaneda demonstrates how Marie initially accepted these limitations and how, with determined resolve, she broke free of them. As a young student at Greenville Indian Industrial school, Marie navigated conditions that were perilous, even deadly, for many of her peers. Yet she excelled academically, and her adventurous spirit

and intellectual ambition led her to transfer to Pennsylvania's Carlisle Indian Industrial School. After graduating in 1915, Marie Potts returned home, married a former schoolmate, and worked as a domestic laborer. Racism and socioeconomic inequality were inescapable, and Castaneda chronicles Potts's growing political consciousness within the urban milieu of Sacramento. Against this backdrop, the author analyzes Potts's significant work for the Federated Indians of California (FIC) and her thirty-year tenure as editor and publisher of the Smoke Signal newspaper. Potts's voluminous correspondence documents her steadfast conviction that California Indians deserved just compensation for their stolen ancestral lands, a decent standard of living, the right to practice their traditions, and political agency in their own affairs. Drawing extensively from this trove of writings, Castaneda privileges Potts's own voice in the telling of her story and offers a valuable history of California Indians in the twentieth century.

*The Plot to Seize the White House* Jules Archer, 2015-04-07 Many people might not know that in 1933, a group of wealthy industrialists—working closely with groups like the K.K.K. and the American Liberty League—planned to overthrow the U.S. government and run FDR out of office in a fascist coup. Readers will learn of their plan to turn unhappy war veterans into American “brown shirts,” depose F.D.R., and stop the New Deal. They asked Medal of Honor recipient and Marine Major General Smedley Darlington Butler to work with them and become the “first American Caesar.” Fortunately, Butler was a true patriot. Instead of working for the fascist coup, he revealed the plot to journalists and to Congress. Archer writes a compelling account of a ploy that would have turned FDR into fascist puppet, threatened American democracy and changed the course of history. This book not only reveals the truth behind this shocking episode in history, but also tells the story of the man whose courage and bravery prevented it from happening. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
