Little Lindy Is Kidnapped Thomas Doherty,2020-11-03 The biggest crime story in American history began on the night of March 1, 1932, when the twenty-month-old son of Charles and Anne Lindbergh was snatched from his crib in Hopewell, New Jersey. The news shocked a nation enthralled with the aviator, the first person to fly solo nonstop across the Atlantic. American law enforcement marshalled all its resources to return "Little Lindy" to the arms of his parents—and perhaps even more energized were the legions of journalists catering to a public whose appetite for Lindbergh news was insatiable. In *Little Lindy Is Kidnapped*, Thomas Doherty offers a lively and comprehensive cultural history of the media coverage of the abduction and its aftermath. Beginning with Lindbergh's ascent to fame and proceeding through the trial and execution of the accused kidnapper, Doherty traces how newspapers, radio, and newsreels reported on what was dubbed the "crime of

the century.” He casts the affair as a transformative moment for American journalism, analyzing how the case presented new challenges and opportunities for each branch of the media in the days before the rise of television. Coverage of the Lindbergh story, Doherty reveals, set the template for the way the media would treat breaking news ever after. An engrossing account of an endlessly fascinating case, *Little Lindy Is Kidnapped* sheds new light on an enduring quality of journalism ever since: the media’s eye on a crucial part of the story—itsself.

The Outsiders William Thorndike, 2012 It’s time to redefine the CEO success story. Meet eight iconoclastic leaders who helmed firms where returns on average outperformed the S&P 500 by more than 20 times.

Power, Piety, and People Michael Dumper, 2020-07-14 Conflicts in cities that have particular religious significance often become intense, protracted, and violent. Why are holy cities so frequently contested, and how can these conflicts be mediated and resolved? In *Power, Piety, and People*, Michael Dumper explores the causes and consequences of contemporary conflicts in holy cities. He explains how common features of holy cities, such as powerful and autonomous religious hierarchies, income from religious endowments, the presence of sacred sites, and the performance of ritual activities that affect other communities, can combine to create tension. *Power, Piety, and People* offers five case studies of important disputes, beginning with Jerusalem, often seen as the paradigmatic example of a holy city in conflict. Dumper also discusses Córdoba, where the Islamic history of its Mosque-Cathedral poses challenges to the control exercised by the Roman Catholic Church; Banaras, where competing Muslim and Hindu claims to sacred sites threaten the fragile equilibrium that exists in the city; Lhasa, where the Communist Party of China severely restricts the ancient practice of Tibetan Buddhism; and George Town in Malaysia, a rare example of a city with many different religious communities whose leaders have successfully managed intergroup conflicts. Applying the lessons drawn from these cities to a broader global urban landscape, this book offers scholars and policy makers new insights into a pervasive category of conflict that often appears intractable.

Cultivating Professional Resilience in Direct Practice Jason M. Newell, 2017-09-26 Overwhelming empirical evidence indicates that new social workers, particularly those going into child welfare or other trauma-related care, will discover emotional challenges including the indirect or secondary effects of the trauma work itself, professional burnout, and compassion fatigue. However, the newly revised CSWE Educational Policy and Accreditation Standards (EPAS) does not mandate the inclusion of content related to self-care in social work curriculum or field education. In a textbook that bridges the gap between theoretical and pragmatic approaches to this important issue in human service work, Jason M. Newell provides a potential resolution by conceptualizing self-care as an ongoing and holistic set of practice behaviors described as the key to professional resilience. To address the effects of trauma-related care on direct practitioners, Newell provides a comprehensive, competency-based model for professional resilience, examining four key constructs—stress, empathy, resilience, and self-care—from a range of theoretical dimensions. For those who work with vulnerable populations, the

tendency to frame self-care solely within organizational context overlooks the importance of self-care in domains beyond the agency setting. Alternatively, he uses a framework grounded in the ecological-systems perspective conceptualizing self-care as a broader set of practice behaviors pertaining to the whole person, including the physical, interpersonal, organizational, familial, and spiritual domains of the psychosocial self. Alongside professional self-care practices at the organizational level, Newell makes a case for the pragmatic role of recreational activities, time with family and friends, physical health, spirituality, and mindfulness. The application of a comprehensive approach to self-care practice has potential to empower practitioners to remain resilient and committed to the values, mission, and spirit of the social work profession in the face of trauma.

Give Me Back My Legions! Harry Turtledove,2009-04-14 Bestselling author Harry Turtledove turns his attention to an epic battle that pits three Roman legions against Teutonic barbarians in a thrilling novel of Ancient Rome: *Give Me Back My Legions!* Publius Quinctilius Varus, a Roman politician, is summoned by the Emperor, Augustus Caesar. Given three legions and sent to the Roman frontier east of the Rhine, his mission is to subdue the barbarous German tribes where others have failed, and bring their land fully under Rome's control. Arminius, a prince of the Cherusci, is playing a deadly game. He serves in the Roman army, gaining Roman citizenship and officer's rank, and learning the arts of war and policy as practiced

by the Romans. What he learns is essential for the survival of Germany, for he must unite his people against Rome before they become enslaved by the Empire and lose their way of life forever. An epic battle is brewing, and these two men stand on opposite sides of what will forever be known as The Battle of the Teutoberg Forest—a ferocious, bloody clash that will change the course of history.

The Bullet Journal Method Ryder Carroll, 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of *The Miracle Morning* In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald.
