**Having a Mary Heart in a Martha World** Joanna Weaver, 2009-07-01 CBA BESTSELLER • More than a million copies sold! An invitation for every woman who's ever felt she isn't godly enough, isn't loving enough, isn't doing enough. "Easy to read, personal, and well-written with a message much more than surface deep. Joanna probed, challenged, and encouraged me to live day by day as Mary in a Martha world."—Carole Mayhall, author of *Come Walk with Me* and *Here I Am Again, Lord* The life of a woman today isn't all that different from the lives of Mary and Martha in the New Testament. Like Mary, you long to sit at the Lord's feet . . . but the daily demands of a busy world just won't leave you alone. Like Martha, you love Jesus and really want to serve him . . . yet you struggle with weariness, resentment, and feelings of inadequacy. Then comes Jesus, into the midst of your busy life, to extend the same invitation he issued long ago to the two sisters from Bethany. Tenderly, he invites you to choose "the better part"—a joyful life of intimacy with him that flows naturally into loving service. With her fresh approach to the familiar Bible story, Joanna Weaver shows how all of us, Marys and Marthas alike, can draw closer to our Lord: deepening our devotion, strengthening our service, and doing both with less stress and greater joy. This book includes a twelve-week Bible study for individual or group use. A Study Guide and a corresponding ten-session video series on DVD or online are available separately.

**Psychology of Branding** W. Douglas Evans,2013 This title explores the psychological factors underlying brand choices we make. How we encounter brands (and how often we), think about them, feel about them, and how we experience them in relation to competing brands, has a big effect on which ones we choose, and keep on choosing. At the same time, presumably there are neural events occurring when we encounter and mentally respond to brands. These represent ways in which we can explain and understand why people choose and remain loyal to brands. These explanations of branding are related and intuitive. But how does the psychology of branding work? This book offers answers to that question.
