**Tech for Teacher Wellness** Meredith Masar Boullion,2023-12-05 Get practical strategies for using technology to reclaim more personal space and time; connect with colleagues; and make positive changes in your life, in the classroom and on campus. Educators are feeling overwhelmed. The global pandemic brought a tsunami of edtech tools that had to be adopted suddenly under emergency circumstances, and the stress of that and other unprecedented challenges has caused many teachers to consider leaving the profession. Technology has often been portrayed as part of the problem, with many believing that the best way to pursue wellness is to unplug and avoid digital tools altogether. This book takes a different approach, showing that technology used wisely can promote wellness, rather than undermine it. Author and technology facilitator Meredith Masar Boullion presents research on the importance of caring for the emotional health of educators, then offers strategies for using technology to reduce educator stress and better provide for the social and emotional needs of school communities. The book: • Gives readers permission, and the tools needed, to set boundaries and get back personal

time. • Demonstrates positive ways to use resources such as social media, professional learning networks (PLNs) and other collaborative tools to find, support and learn from fellow educators. • Provides suggestions for educators to share their own learnings to enhance the well-being and positivity of students, parents and colleagues. • Includes access to an online platform through which readers can connect and support one another's efforts to achieve greater well-being. With recommendations that are concrete and easy to implement, the book fosters collaboration and connection among readers, and encourages them to share their own techniques and resources for building a healthy, sustainable life and career. Audience: Elementary and secondary teachers; education coaches and leaders

**The New Life of Hugo Gardner** Louis Begley, 2020-03-17 Beloved author Louis Begley returns to the monied halls of the Upper East Side with a sharp new comedy of manners. Divorced after decades of comfortable marriage, retired journalist Hugo Gardner sets out to explore paths not travelled. After four decades of what he believes to be a happy, healthy partnership, Hugo Gardner's world is overturned when he learns that his wife, Valerie, is not only requesting a divorce but has left him for a younger, more vital man. Hugo, an octogenarian political writer and retired journalist for Time, must rethink the way he's lived, and reassess how he'd like to spend his remaining years. Reconsidering past relationships in his mind, with years of distance, Hugo begins to see things in a new light: Valerie, whose youth and ambition eventually came between them; his children, whose support might be more financially than emotionally motivated; and his friends, who, like him are rapidly aging before his very eyes. With an ominous oncologist's report hanging over his head, Hugo decides to get away for a bit, to a conference in Paris. There, a new romance blooms and Hugo finds himself wondering if growing old in Paris might be the perfect antidote to the drama he left behind in New York. Unflinching, witty, and urbane as ever, Louis Begley delivers a spot-on satire of the world of New York's aging elite, and uncovers the unexpected delights a late-in-life change can offer.

**Financial Wellness and How to Find It** Melanie Eusebe, 2022-01-20 'Fascinating' Stylist magazine 'A powerful reminder that we cannot discuss 'wellness' without also talking about the elephant in the room: money. This book isn't just about getting reconnected with a helpful app or spreadsheet but something much more important than that: it will inspire you to reconnect with yourself.' Emma Gannon Financial Wellness and How to Find It takes finance out of the business pages and into our personal lives. It tells us that the way we think about money has a lot to do with the way we think about ourselves, and the stories we believe about what we deserve. When you feel bad about money, it's hard to feel good about life. We focus on health and wellness as essential for happiness, but so often we choose to bury our heads in the sand when it comes to taking positive action over our finances. Financial wellness doesn't mean being rich, having a portfolio of stocks and

shares, or being #debtfree. It's about understanding your emotions around money, knowing who you can turn to for support and being aware of your subconscious beliefs about self-worth. Melanie Eusebe, founder of Money Moves, shares the tools and resources you need to reset your relationship with money, and take charge of your financial happiness, whatever your situation, and regardless of the economy. *Financial Wellness and How to Find It* is empowering and essential reading for anyone who ever earned a paycheck (and spent it).
