

Wildly Important Goals Template

Luke Sheppard

The 4 Disciplines of Execution Chris McChesney, Sean Covey, Jim Huling, 2016-04-12 BUSINESS STRATEGY. The 4 Disciplines of Execution offers the what but also how effective execution is achieved. They share numerous examples of companies that have done just that, not once, but over and over again. This is a book that every leader should read! (Clayton Christensen, Professor, Harvard Business School, and author of The Innovator's Dilemma). Do you remember the last major initiative you watched die in your organization? Did it go down with a loud crash? Or was it slowly and quietly suffocated by other competing priorities? By the time it finally disappeared, it's likely no one even noticed. What happened? The whirlwind of urgent activity required to keep things running day-to-day devoured all the time and energy you needed to invest in executing your strategy for tomorrow. The 4 Disciplines of Execution can change all that forever.

The Leader in Me Stephen R. Covey, 2012-12-11 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B. Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

The New Leader's 100-Day Action Plan George B. Bradt, Jayme A. Check, Jorge E. Pedraza, 2009-03-16 The New Leader's 100-Day Action Plan, and the included downloadable forms, has proven itself to be a valuable resource for new leaders in any organization. This revision includes 40% new material and updates -- including new and updated downloadable forms -- with new chapters on: * A new chapter on POSITIONING yourself for a leadership role * A new chapter on what to do AFTER THE FIRST 100 DAYS * A new chapter on getting PROMOTED FROM WITHIN and what to do then

Building an Elite Organization: The Blueprint to Scaling a High-Growth, High-Profit Business Don Wenner,2021-04-06 At the tail end of your company's startup phase, the same opportunities that generate revenue and fuel growth also bring new challenges. You need to hire-and train-rock-star team members, scale operations, prioritize opportunities, wow customers, and clearly communicate strategy throughout your organization-all while bringing on new clients and driving profitability. You don't have time for theory when you're growing at breakneck speed. You need a blueprint for profitable scalability, a toolbox of plug-and-play tools, and direction on how to maximize execution. That's where Building an Elite Organization comes in. Don Wenner is a master of scaling high-growth, high-profit entrepreneurial companies. In Building an Elite Organization, he walks you through the Elite Execution System his company and other highly successful organizations use to drive growth and improve profitability. Don's system will give your team clarity on where you're going, the insight to know if you're on the right track, and the disciplined system needed to consistently leverage every opportunity. Learn how you can leave a legacy and make an enduring impact for decades to come.

Driving Great Results Luke Sheppard,2021-02-17 Just give me the tools I need to run a great business. Driving Great Results will help any entrepreneur or manager become more effective at their most important responsibility—running their business. This easy-to-follow handbook provides 19 practical and immediately applicable tools to help you: • Determine what's most important to you and your business • Prioritize and make better decisions • Identify and drive the projects worth pursuing • Identify the 3 types of communication and how to deliver the right message • Interview, hire, and empower the right people Running a business is tough, but incredibly rewarding. Driving Great Results addresses the frustration around the core elements of running your business. Don't reinvent the wheel for tools that have already been proven. Spend your time on the things which really matter: your people, customer satisfaction, market and product differentiation, and doing the things you love to do!

Mastering the Rockefeller Habits Verne Harnish,2023-09-20 A Detailed Roadmap for Companies at Various Stages of Development on How to Get to the Next Level. Leaders and employees of growing firms want ideas and tools they can implement immediately to improve some aspect of their business. Verne Harnish, serial entrepreneur, advisor, and venture investor, brings to business leaders the fundamentals that produce real wealth—the same habits that typified American business magnate John D. Rockefeller's disciplined approach to business. Harnish masterfully intertwines the legendary business philosophy of Rockefeller with lessons to be learned from ten extraordinary organizations. Aiming to empower present-day business leaders, this remarkably successful book includes invaluable lessons from real-world case studies. A treasure trove of practical situations teeming with insights and actionable recommendations, Mastering the Rockefeller Habits will help you unlock the secrets to scaling up your enterprise while simultaneously sidestepping the pitfalls that plague new ventures. From seasoned industry titans to ambitious start-up founders, anyone can swiftly implement these

teachings for immediate impact.

Deep Work Cal Newport, 2016-01-05 AN AMAZON BEST BOOK OF 2016 PICK IN BUSINESS & LEADERSHIP WALL STREET JOURNAL BUSINESS BESTSELLER A BUSINESS BOOK OF THE WEEK AT 800-CEO-READ Master one of our economy's most rare skills and achieve groundbreaking results with this "exciting" book (Daniel H. Pink) from an "exceptional" author (New York Times Book Review). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In *Deep Work*, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four rules, for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, *Deep Work* takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. *Deep Work* is an indispensable guide to anyone seeking focused success in a distracted world.

Dreamland Burning Jennifer Latham, 2017-02-21 A compelling dual-narrated tale from Jennifer Latham that questions how far we've come with race relations. Some bodies won't stay buried. Some stories need to be told. When seventeen-year-old Rowan Chase finds a skeleton on her family's property, she has no idea that investigating the brutal century-old murder will lead to a summer of painful discoveries about the present and the past. Nearly one hundred years earlier, a misguided violent encounter propels seventeen-year-old Will Tillman into a racial firestorm. In a country rife with violence against blacks and a hometown segregated by Jim Crow, Will must make hard choices on a painful journey towards self discovery and face his inner demons in order to do what's right the night Tulsa burns. Through intricately interwoven alternating perspectives, Jennifer Latham's lightning-paced page-turner brings the Tulsa race riot of 1921 to blazing life and raises important questions about the complex state of US race relations—both yesterday and today.

The Progress Principle Teresa Amabile, Steven Kramer, 2011-07-19 What really sets the best managers above the rest? It's their power to build a cadre of employees who have great inner work lives—consistently positive emotions; strong

motivation; and favorable perceptions of the organization, their work, and their colleagues. The worst managers undermine inner work life, often unwittingly. As Teresa Amabile and Steven Kramer explain in *The Progress Principle*, seemingly mundane workday events can make or break employees' inner work lives. But it's forward momentum in meaningful work—progress—that creates the best inner work lives. Through rigorous analysis of nearly 12,000 diary entries provided by 238 employees in 7 companies, the authors explain how managers can foster progress and enhance inner work life every day. The book shows how to remove obstacles to progress, including meaningless tasks and toxic relationships. It also explains how to activate two forces that enable progress: (1) catalysts—events that directly facilitate project work, such as clear goals and autonomy—and (2) nourishers—interpersonal events that uplift workers, including encouragement and demonstrations of respect and collegiality. Brimming with honest examples from the companies studied, *The Progress Principle* equips aspiring and seasoned leaders alike with the insights they need to maximize their people's performance.

Everyone Deserves a Great Manager Scott Jeffrey Miller, Todd Davis, Victoria Roos Olsson, 2019-10-08 ***A WALL STREET JOURNAL BESTSELLER*** From the organizational experts at FranklinCovey, an essential guide to becoming the great manager every team deserves. A practical must-read, FranklinCovey's *Everyone Deserves a Great Manager* is the essential guide for the millions of people all over the world making the challenging and rewarding leap to manager. Based on nearly a decade of research on what makes managers successful—and includes new ways of thinking, tips and techniques—this volume has been field-tested with hundreds of thousands of managers all over the world. Organized under four main roles every manager is expected to fill, *Everyone Deserves a Great Manager* focuses on how to lead yourself, people, teams, and change. Readers can start anywhere and go everywhere with this guide—depending on their current problem or time constraint. They can pick up a helpful tip in ten minutes or glean an entire skillset with deeper reading. The goal is for the busy manager to know what to do and how to do it without interrupting their regular workflow. Each role highlights the current, authentic problems managers face and briefly explores the limiting mindsets or common mistakes that led to those problems. With skill-based chapters that cover managerial skills like one-on-ones, giving feedback, delegating, hiring, building team culture, and leading remote teams, the book also includes more than thirty unique tools, such as a prep worksheets and a list of behavioral questions for your next interview. An approachable, engaging style using real-world stories, *Everyone Deserves a Great Manager* provides the blueprint for becoming the great manager every team deserves.

Writing Effective Use Cases Alistair Cockburn, 2001 This guide will help readers learn how to employ the significant power of use cases to their software development efforts. It provides a practical methodology, presenting key use case concepts.

No, Silly-Willy Caroline J. Clarke Connelly, 2018-07-02 This book instantly engages children by having her colorful characters ask humorous questions. The metered, rhyming text encourages children to read along, repeating the questions

and answers. The format also supports the development of inferencing and prediction skills and the use of expanded sentence forms, while also providing parents, teachers, and speech-language pathologists the opportunity to increase children's proficiency in asking and answering questions, rhyming, sequencing skills, verb tenses (regular past and irregular past tense verb forms), vocabulary, categorization skills, and color and spatial concepts. No, Silly-Willy's surprising text and satisfying ending prompts read it again requests and lots of giggles. The book provides a fun initial experience that can lead to a lifetime of reading. An MP3 digital download of the song No, Silly-Willy is also available as a perfect addition to the No, Silly-Willy book. Children will love hearing this catchy melody and singing the lyrics.

Learning That Transfers Julie Stern, Krista Ferraro, Kayla Duncan, Trevor Aleo, 2021-03-30 It is a pleasure to have a full length treatise on this most important topic, and may this focus on transfer become much more debated, taught, and valued in our schools. - John Hattie Teach students to use their learning to unlock new situations. How do you prepare your students for a future that you can't see? And how do you do it without exhausting yourself? Teachers need a framework that allows them to keep pace with our rapidly changing world without having to overhaul everything they do. Learning That Transfers empowers teachers and curriculum designers alike to harness the critical concepts of traditional disciplines while building students' capacity to navigate, interpret, and transfer their learning to solve novel and complex modern problems. Using a backwards design approach, this hands-on guide walks teachers step-by-step through the process of identifying curricular goals, establishing assessment targets, and planning curriculum and instruction that facilitates the transfer of learning to new and challenging situations. Key features include Thinking prompts to spur reflection and inform curricular planning and design. Next-day strategies that offer tips for practical, immediate action in the classroom. Design steps that outline critical moments in creating curriculum for learning that transfers. Links to case studies, discipline-specific examples, and podcast interviews with educators. A companion website that hosts templates, planning guides, and flexible options for adapting current curriculum documents. Using a framework that combines standards and the best available research on how we learn, design curriculum and instruction that prepares your students to meet the challenges of an uncertain future, while addressing the unique needs of your school community.

States of Being Linda Belans, 2020-05-14 *States of Being* is an indispensable guide for leadership coaches and school leaders who want to create equitable, compassionate schools where students of all backgrounds can thrive.

Playing to Win Alan G. Lafley, Roger L. Martin, 2013 Explains how companies must pinpoint business strategies to a few critically important choices, identifying common blunders while outlining simple exercises and questions that can guide day-to-day and long-term decisions.

Predictable Results in Unpredictable Times Stephen R. Covey, Breck England, Bob Whitman, 2009 If there is one thing that is certain in business, it is uncertainty. Still, there are great organizations that perform consistently and with excellence,

regardless of the conditions. This practical book is about getting predictable results in good times and bad by applying four key principles.

Living Your Best Year Ever Darren Hardy,2019-10-14

The Rust Programming Language (Covers Rust 2018) Steve Klabnik,Carol Nichols,2019-09-03 The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features--from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as: Ownership and borrowing, lifetimes, and traits Using Rust's memory safety guarantees to build fast, safe programs Testing, error handling, and effective refactoring Generics, smart pointers, multithreading, trait objects, and advanced pattern matching Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies How best to use Rust's advanced compiler with compiler-led programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions.

The Mom Test Rob Fitzpatrick,2013-10-09 The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

Brown Girl Dreaming Jacqueline Woodson,2016-10-11 Jacqueline Woodson's National Book Award and Newbery Honor winner is a powerful memoir that tells the moving story of her childhood in mesmerizing verse. A President Obama O Book Club pick Raised in South Carolina and New York, Woodson always felt halfway home in each place. In vivid poems, she shares what it was like to grow up as an African American in the 1960s and 1970s, living with the remnants of Jim Crow and

her growing awareness of the Civil Rights movement. Touching and powerful, each poem is both accessible and emotionally charged, each line a glimpse into a child’s soul as she searches for her place in the world. Woodson’s eloquent poetry also reflects the joy of finding her voice through writing stories, despite the fact that she struggled with reading as a child. Her love of stories inspired her and stayed with her, creating the first sparks of the gifted writer she was to become. Includes 7 additional poems, including Brown Girl Dreaming. Praise for Jacqueline Woodson: Ms. Woodson writes with a sure understanding of the thoughts of young people, offering a poetic, eloquent narrative that is not simply a story . . . but a mature exploration of grown-up issues and self-discovery.”—The New York Times Book Review
