Will Byers: Secret Files (Stranger Things) Matthew J. Gilbert,2019-09-24 Will Byers' top-secret binder--based on the Netflix series Stranger Things! Read notes from the Upside Down and uncover secrets from the Hawkins National Laboratory in Will Byers's personal files. Based on Netflix's Stranger Things, this book is designed to look like a vintage school binder from the '80s. Filled with photos, notes, sketches, and diary entries, this book is sure to amaze and entertain fans of all ages.

Idiopathy Sam Byers,2013-06-04 Katherine, Daniel and Nathan evaluate their feelings about each other in a shared world marked by such eccentricities as a mysterious cattle epidemic, an unwanted pregnancy and a bio-domed workplace housing a perfectly engineered cornfield. A first novel.

Built for Speed John A. Byers,2009-07-01 North America's fastest mammal, the pronghorn can accelerate explosively from a standing start to a top speed of 60 miles per hour—but it can also cruise at 45 miles per hour for many miles. What accounts for the speed of this extraordinary animal, a denizen of the American outback, and what can be observed of this creature's way of life? And what is it like to be a field biologist dedicating twenty years to studying this species? In *Built for Speed*, John A. Byers answers these questions as he draws an intimate portrait of the most charismatic resident of the American Great Plains. The National Bison Range in western Montana, established in 1908 to snatch bison from the brink of extinction, also inadvertently rescued the largest known remnant of Palouse Prairie. It is within this grassland habitat—home to meadowlarks, rattlesnakes, bighorn sheep, coyotes, elk, snipe, and a panoply of wildflowers—that Byers observes the pronghorn's life from birth to death (a life often as brief as four days, sometimes as long as fifteen years) and from season to season. Readers will also experience the vicarious pleasures of a biologist who is eager to race a pronghorn in his truck, scrutinize bison dung through binoculars, and peer through the gathering dusk of a rainy evening to count the display dives of snipe. A vivid and memorable tale of a first-rate scientist's twenty-year encounter with a magnificent animal, the story of the pronghorn is also a reminder of the crucial role we can play in preserving the fleeting life of the native American grassland.

Stranger Things: the Official Sticker Album (Stranger Things) Random House,2021-06-15 A sticker book featuring the people, places, and monsters from Netflix's hit series Stranger Things! Complete with over 500 stickers. Meet the characters and creatures of Netflix's Stranger Things and explore the town of Hawkins with this deluxe sticker book, which includes

over 500 stickers! Featuring full-color images from the series, trivia, puzzles, and quizzes about Eleven, Will, Steve, and all their friends (and foes), this book is perfect for both casual and dedicated fans daring enough to delve deeper into the world of Stranger Things.

Percival's Planet Michael Byers, 2010-08-03 A novel of ambition and obsession centered on the race to discover Pluto in 1930, pitting an untrained Kansas farm boy against the greatest minds of Harvard at the run-down Lowell Observatory in Arizona. In 1928, the boy who will discover Pluto, Clyde Tombaugh, is on the family farm, grinding a lens for his own telescope under the immense Kansas sky. In Flagstaff, Arizona, the staff of Lowell Observatory is about to resume the late Percival Lowell's interrupted search for Planet X. Meanwhile, the immensely rich heir to a chemical fortune has decided to go west to hunt for dinosaurs and in Cambridge, Massachusetts, the most beautiful girl in America is going slowly insane while her ex-heavyweight champion boyfriend stands by helplessly, desperate to do anything to keep her. Inspired by the true story of Tombaugh and set in the last gin-soaked months of the flapper era, *Percival's Planet* tells the story of the intertwining lives of half a dozen dreamers, schemers, and madmen. Following Tombaugh's unlikely path from son of a farmer to discoverer of a planet, the novel touches on insanity, mathematics, music, astrophysics, boxing, dinosaur hunting, shipwrecks—and what happens when the greatest romance of your life is also the source of your life's greatest sorrow.

The Children We Remember Chana Byers Abells, 2002-02-19 Text and photographs briefly describe the fate of Jewish children after the Nazis began to control their lives.

One Sheep, Two Sheep Patricia Byers, 2010-06-01 *One Sheep, Two Sheep* is a simple, sweet book that will teach little ones about the basic concept of plurals and collective nouns. Illustrated by Tamsin Ainsley, illustrator of the best-selling title *Count My Kisses, Little One*.

The Winged Colt of Casa Mia Betsy Byars, 2013-03-26 *There's no such thing as a colt with wings—is there?* When Charles arrives at his Uncle Coot's Texas ranch from back East, he's sure that books have taught him everything he needs to know about horses. He wants to prove he's a cowboy just like his uncle, a retired movie stunt rider, who knows Charles is out of his element. But when a neighbor's mare gives birth to a miraculous colt with wings, Charles and Coot realize that they both have much more to learn. They grow to love the colt, named Alado, or "Winged One." Still, it's no easy feat caring for a mythical creature, especially when it can fly. Can Charles and Coot protect Alado—and each other? This ebook features an illustrated biography of Betsy Byars including rare images from the author's personal collection.

Farewell to Reality Jim Baggott, 2013-08-06 From acclaimed science author Jim Baggott, a lively, provocative, and "intellectually gratifying" critique of modern theoretical physics (*The Economist*). Where does one draw the line between solid science and fairy-tale physics? Jim Baggott argues that there is no observational or experimental evidence for many of

the ideas of modern theoretical physics: super-symmetric particles, super strings, the multiverse, the holographic principle, or the anthropic cosmological principle. Unafraid to challenge prominent theorists, Baggott offers engaging portraits of many central figures of modern physics, including Stephen Hawking, Paul Davies, John D. Barrow, Brian Greene, and Leonard Susskind. Informed, comprehensive, and balanced, Farewell to Reality discusses the latest ideas about the nature of physical reality while clearly distinguishing between fact and fantasy, providing essential and entertaining reading for everyone interested in what we know and don't know about the nature of the universe and reality itself.

The Head of Mimir Richard Lee Byers, 2020-10-06 The young Heimdall must undertake a mighty quest to save Odin - and all of Asgard - in the first heroic fantasy novel set in Marvel's incredible Legends of Asgard. It is a dark time for Asgard. The All-Father is trapped in a bewitched Odinsleep, inspiring an all-out assault from the Frost Giants. They evade the gods' defenses with uncommon ease, as if guided by augury. Heimdall, a quick-witted young warrior still finding his place amongst Asgard's defenders, believes it no coincidence that Odin lies enchanted and that the Giants are so well-informed. Sneaking into Odin's inner chambers, he discovers that the severed head of Mimir, a great source of wisdom, is missing. Accompanied by his sister, Lady Sif, Heimdall must quest across the Nine Realms to retrieve it, lest mighty Asgard fall.

Free Comic Book Day 2019 (General) Jody Houser, Jeff Lemire, Ray Fawkes, 2019-05-08 Dark Horse is thrilled to announce tales from two diverse worlds in our FCBD Gold Offering featuring Netflix's Stranger Things and a spooky trip into Jeff Lemire and Dean Ormston's Eisner Award-winning series Black Hammer with a cover by Chun Lo. In Stranger Things, writer Jody Houser and artist Ibrahim Moustafa bring the adventuring party back together after Eleven's disappearance, as Nancy and Steve find a way to lift the spirits of a despondent Mike. Perhaps all it takes is a roll of the dice. Then, in the world of the Eisner Award-winning Black Hammer series creator Jeff Lemire, guest writer Ray Fawkes, and artist David Rub'n, take the reader on an EC-style tour through Madame Dragonfly's mysterious Cabin of Horrors to witness two groups of brand-new Black Hammer heroes from the past! Learn more at FreeComicBookDay.com.

How Mathematicians Think William Byers, 2010-05-02 To many outsiders, mathematicians appear to think like computers, grimly grinding away with a strict formal logic and moving methodically--even algorithmically--from one black-and-white deduction to another. Yet mathematicians often describe their most important breakthroughs as creative, intuitive responses to ambiguity, contradiction, and paradox. A unique examination of this less-familiar aspect of mathematics, How Mathematicians Think reveals that mathematics is a profoundly creative activity and not just a body of formalized rules and results. Nonlogical qualities, William Byers shows, play an essential role in mathematics. Ambiguities, contradictions, and paradoxes can arise when ideas developed in different contexts come into contact. Uncertainties and conflicts do not impede but rather spur the development of mathematics. Creativity often means bringing apparently incompatible perspectives together as complementary aspects of a new, more subtle theory. The secret of mathematics is not to be found only in its

logical structure. The creative dimensions of mathematical work have great implications for our notions of mathematical and scientific truth, and *How Mathematicians Think* provides a novel approach to many fundamental questions. Is mathematics objectively true? Is it discovered or invented? And is there such a thing as a final scientific theory? Ultimately, *How Mathematicians Think* shows that the nature of mathematical thinking can teach us a great deal about the human condition itself.

Blind God's Bluff Richard Lee Byers,2013-01-01 Ante up for the game of a lifetime! Billy Fox, a small-time gambler on a losing streak, has more than enough problems on his hands, owing too much money to some very impatient people. But when he rescues a blinded stranger from a swarm of bloodthirsty fairies, Billy's life gets a lot more complicated. . . . Seems the stranger is actually a powerful local god who is involved in a high-stakes Florida poker tournament against various supernatural challengers. And with his eyes currently missing, he needs somebody to take his place at the gaming table. Before Billy knows it, he finds himself playing against the likes of an ancient Egyptian mummy, an unbearably seductive succubus, a mechanical man, an insect queen, and a cannibalistic beast-man. And not just cards are in play; magic, bloodshed, and cheating are not only expected, they're encouraged. Everybody, including a sexy satyr-girl with her own cards up her sleeve, thinks that Billy is in way over his head. But Billy is a born gambler and, when the chips are down, he might just change his luck for good! *Blind God's Bluff* is an outrageously addictive urban fantasy that will keep you flipping pages until the very last hand.

A Visual Theology Guide to the Bible Tim Challies,Josh Byers,2019-03-26 Capitalizing on the increasing popularity of infographics and a growing interest in accessible, understandable teaching on theology, *Visual Theology Guide to the Bible* by Tim Challies and Josh Byers teaches timeless, historic, biblical truth in a fresh and vibrant way that that will capture your interest and ignite your imagination.

The Wolf In Sheep's Clothing Stacy Byers,2018-12-20 A sly, sneaky wolf and a herd of fluffy, defenseless sheepwhat chance do these sheep have against this clever, vicious wolf? Well, none actually, but things are about to change. Someone has come to care for and even give his life to protect these sheep from the wolfa good shepherd. But the wolf is not finished yet. He has a sneaky plan to get his sheep dinner. His plan will make him blend right in, so he thinks. Will it work, or will the wolf be sadly disappointed? This book, although fun and a bit silly, depicts the love Jesus Christ has for us. The Bible tells of how Jesus is the Good Shepherd (John 10:11) and how all of us are like sheep who have gone astray. Satan, just like this wolf, is out to seek and destroy. We stand no chance against him. The ultimate goal is for this book to touch the lives of children and adults all around the world and for each reader to see that we need Jesus to be our Good Shepherd personally and to save us and guide our lives. May the Lord bless you and speak to your heart as you read this funny yet truthful story.

Reset Ellen Pao,2017-09-19 The “necessary and incisive” (Roxane Gay) account of the discrimination case that “has

blown open a conversation about the status of women” in the workplace (The New York Times) SHORTLISTED FOR THE 2017 FINANCIAL TIMES AND MCKINSEY BUSINESS BOOK OF THE YEAR | NAMED A BEST FALL BOOK BY ELLE AND BUSTLE In 2015, Ellen K. Pao sued a powerhouse Silicon Valley venture capital firm, calling out workplace discrimination and retaliation against women and other underrepresented groups. Her suit rocked the tech world—and exposed its toxic culture and its homogeneity. Her message overcame negative PR attacks that took aim at her professional conduct and her personal life, and she won widespread public support—Time hailed her as “the face of change.” Though Pao lost her suit, she revolutionized the conversation at tech offices, in the media, and around the world. In *Reset*, she tells her full story for the first time. The daughter of immigrants, Pao was taught that through hard work she could achieve her dreams. She earned multiple Ivy League degrees, worked at top startups, and in 2005 was recruited by Kleiner Perkins, arguably the world’s leading venture capital firm at the time. In many ways, she did everything right, and yet she and other women and people of color were excluded from success—cut out of decisive meetings and email discussions, uninvited to CEO dinners and lavish networking trips, and had their work undercut or appropriated by male executives. It was time for a system reset. After Kleiner, Pao became CEO of reddit, where she took forceful action to change the status quo for the company and its product. She banned revenge porn and unauthorized nude photos—an action other large media sites later followed—and shut down parts of reddit over online harassment. She and seven other women tech leaders formed Project Include, an award-winning nonprofit for accelerating diversity and inclusion in tech. In her book, Pao shines a light on troubling issues that plague today’s workplace and lays out practical, inspiring, and achievable goals for a better future. Ellen K. Pao’s *Reset* is a rallying cry—the story of a whistleblower who aims to empower everyone struggling to be heard, in Silicon Valley and beyond. Praise for *Reset* “Necessary and incisive . . . As Ellen Pao detailed her experiences, while also communicating her passion for the work men often impeded her from doing, I was nothing short of infuriated. It was great to see a highly accomplished woman of color speaking out like this, and hopefully this book will encourage more women to come forward, give voice to their experiences in the workplace, and contribute to meaningful change.”—Roxane Gay

Road to Relevance Harrison Coerver, Mary Byers, 2013-10-03 Help move your organization to greater discipline, focus, and value Association leaders must be disciplined strategists, focusing the organizations they serve on value they can deliver and structuring accordingly to compete in the new normal. *Road to Relevance* is the follow-up and complementary companion to the bestselling *Race for Relevance: 5 Radical Changes for Associations*, which identified six challenges that forever changed the association environment and five needed changes. Authors Harrison Coerver and Mary Byers, CAE, provide real insight into how to adapt the strategies of *Road to Relevance* to your organization's circumstances. Clearly explaining the five key strategies, the authors show you how to: Identify strengths that deserve a concentration of resources Achieve a coordinated product and service portfolio Root out marginal or underperforming activities that are negatively

impacting your organization Case studies, adaptable examples, and provocative questions help you use the insights from Road to Relevance to lead your organization to an ever-more-valued, sustainable, and relevant future.

Stranger Things: SIX (Graphic Novel) Jody Houser,2019-11-26 A prequel comic from Netflix' award-winning series, delving into the mysterious workings of Project MKUltra and the weird science that opened the door to the Upside Down. Francine, a teenage girl with precognition, has struggled through a lifetime of exploitation: first by her parents, then by Dr. Brenner of Hawkins Laboratory. Dr. Brenner wants to harness her powers as well as those of the other gifted children that they hold captive at the lab. Wracked by increasingly disturbing visions, she sees an opportunity for her and all the children to escape. But at what cost? From the pen of Jody Houser (Faith, CMYK: Magenta, Max Ride: Ultimate Flight) and featuring art from Edgar Salazar and Keith Champagne (Black Panther), Stranger Things comics is essential reading for fans of the hit Netflix series as well as fans of the urban fantasy and horror genres in general. Collects Stranger Things II issues #1-4.
