Ain't Going Back to No Cotton Patch Terry R. Thomas,2013-06-26 Fast cars, law men, moonshine, romance in the cotton fields, and wild cat whiskey! It was Garden City, Alabama the spring of 1946. Boys were coming home. World War II was over. Many mothers were learning that their sons would not be coming home. Garden City was beginning to settle back in to a nice easy routine. Mr. Sam the local merchant was getting in his sugar orders for the season. The farmers were looking for good crops, and the moonshiners, were looking forward to make good on their orders. A certain revenuer from DC was poking around town. He was trying his best to find out about this special shine that everyone was talking about. Cracker Black, the brains behind the operation has a 50 gallon pot making moonshine for a local man named Hollis. Now Hollis is a nefarious character ran several juke joints out on 78 hwy on the strip. When word got round to Cracker his shine was wanted in Memphis and St Louis he had to ramp up the production. He hires two black fellers Big George and Little Willie right out the cotton patch. They are able to work at night in the woods and not be seen by the law because of them being black. When the sleepy little towns folk turn off their lights for the night, the moonshiners go to work making that good old Alabama Shine. Life was good, again.....

Make My Heart Sing Trish Milburn,2019-07-26 They're talented, good-looking and falling in love. Han Jae-Wook is the SBG member who most personifies duality. On stage, Wook is a powerful singer and sexy dancer, a handsome guy whose long legs and beautiful voice make fangirls swoon. But get him off stage and he's the quietest, shyest member of one of South Korea's biggest bands. And for months he's had a secret crush on a barista who works in the coffee shop located in the same building as SBG's dorm, but he's barely been able to talk to her beyond placing his frequent tea orders. Ki Min-Ah has been a fan of Wook's for the entirety of SBG's history, but she doesn't let even a hint of that slip when he comes into Tower Coffee and Bakery. So when he starts talking to her more, making overtures of friendship, she's stunned. But she's willing to bury the fangirl part of herself and be his friend because she gathers that it's difficult for him and other idols to make real friends other than other entertainers. But she has to keep their budding friendship secret so she doesn't endanger her job since there is a policy of no interaction with idols other than professionally. And she can't afford to lose her job when she's the sole support for her three younger siblings. But when it's exposed they have been spending time together, they must weather fan

suspicion that she's just after his money and fame as they also realize they both want to be more than friends.

If You Love It and Want Some More of It Stanley Scott Jr ,2023-08-31 This is my first song that I ever published. And I was so excited about how well they came out in English I wanted to publish it in Mandarin and in Spanish. And after doing so I decided to rewrite it in different versions: the R&B version, the pop version, the loving version, and the San Francisco version. For me it's more than just one song in different versions, it's an artistic expression of myself. Because as the title says,If You Love It and Want Some More of It let me know. Therefore I continued to write this song as many times as possible. These 19 songs can be sung in an upbeat, slow melodic tone, or even spoken out loud in acapella. As I said before I was excited about this song and I am even more excited to share it with others. May you enjoy them day after day. Future Law Edwards Lilian Edwards,2020-03-02 How will law, regulation and ethics govern a future of fast-changing technologies? Bringing together cutting-edge authors from academia, legal practice and the technology industry, Future Law explores and leverages the power of human imagination in understanding, critiquing and improving the legal responses to technological change. It focuses on the practical difficulties of applying law, policy and ethical structures to emergent technologies both now and in the future. It covers crucial current issues such as big data ethics, ubiquitous surveillance and the Internet of Things, and disruptive technologies such as autonomous vehicles, DIY genetics and robot agents. By using examples from popular culture such as books, films, TV and Instagram - including 'Black Mirror', 'Disney Princesses', 'Star Wars', 'Doctor Who' and 'Rick and Morty' - it brings hypothetical examples to life. And it asks where law might go next and to regulate new-phase technology such as artificial intelligence, 'smart homes' and automated emotion recognition.

If you enjoyed *Beach Read* by Emily Henry and *Normal People* by Sally Rooney, you will love *The Heart Line* by Hollis T. Miller. Peter Bowen seems to know exactly where he is headed: up the corporate ladder of Preeny, a New York consulting firm, and to the altar with his long-term girlfriend. Kay Manning, less enamored by her job at Preeny, and processing a recent break up, has vowed to stay single and is considering her options: return to LA or stay in NYC. In their midtwenties, grappling with their identities and the responsibilities of adulthood, they begin to wonder if their expectations of life and love have misled them. The everyday feels a bit empty, until they meet at work for the first time and, caught off guard by their unmistakable attraction, their fantasies of each other set in motion an unexpected transformation. *The Heart Line* is a story of the influences that shape us, the excitement of romance, and the power of the city and people to change us.
